SCHEDULE F – SUSTAINABILITY ASSESSMENT

Sustainability Assessment

This assessment is based on TNBF's Suppliers Code of Conduct. The code guides the expected behaviour from all our suppliers, which is derived from global environmental, social, and governance (ESG) issues concerning TNBF's supply chain and business processes. This assessment aims to provide an overview of your company's ESG practices and implementations at coal mines supplied to TNBF. This will help us to identify sustainability risks in our supply chain.

Instruction: This survey consists of six (6) sections. Please complete ALL sections. You are encouraged to respond candidly and entirely to the questionnaire, establishing a true baseline of ESG practices from which future performance improvements and impacts can be tracked, measured, and communicated.

Section 1: Management Commitment

1. Does the company have a policy statement that aligns with the UN Sustainable Development Goals or any related sustainability goals?
Yes/ No. Please elaborate.

2. Does the company participate in any coal or supply chain responsible collaborative organization?
